IN THE GRIP

Men with Varied Occupations Find More

Enjoyment in Declining Years Than

Business Men, Because Their Brain

Tissue is Developed in More Ways.

Sir James Crichton-Browne has

enumerated instances of long lived persons

possessing all their faculties unimpaired,

and opened up a subject full of interest

and which even the large space occupied by

him fully to develop. It seems a physiological

law that the functions of the body must be kept

in order to maintain their efficiency, and it is as

true of the body as of the mill or any other

machine that it will rust out from disuse

sooner than wear out by employment.

The fact is constantly observed in persons

engaged in commercial pursuits, who at the

age of sixty and then fall into rapid decay,

while professional men remaining at work

preserve their vigor often for another twenty

years. It is a sad thing to see the nerve centers

decay, with a corresponding weakness of

body and mind, but it is still sadder to

witness, with a wrinkling of the skin, a

corresponding shrinking of the brain, allowing

vanity and some of the weakly passions, which

have been kept in suppression, to come again

to the fore. How different is the spectacle when

the organ is kept in its integrity by constant

use, and the mental faculties preserved in all

their pristine force. We have only to look

around and to see our poets, bishops, judges,

ministers of state and medical men long lived

and still in mental vigor while working at their

respective avocations. Very remarkable, too, is

it that, as Sir James Crichton-Browne observed,

the freedom of language will remain as good as

ever; an example of this was observed but lately

in a discussion on the London university

questions, when two of the most logical and well

expressed speeches were made by octogenarians.

OLD AGE SHOULD NOT BE UNHAPPY.

We can at the present time point to

statesmen and lawyers of great age still before

the public; as not long ago we could see Lord

Palmerston, Lord Brougham, Lord Lyndhurst

and others. In former times we may remember

Newton living to be eighty-five, while Sophocles

is said to have lived to be ninety, and Plato

not much short of this. It is clear that hard

work does not kill. The toll, however, must be

genial and diversified. The man of business

often has no occupation besides his breadwinning,

whereas a medical man has a variety of subjects

to interest him.

A speaker at the international congress

showed by experiments upon school children,

when three or four sums in arithmetic were

given in succession, that each sum showed an

inferiority to the previous one, both in correctness

and as regards the time in which it was completed.

The one faculty employed was gradually

exhausted, a fresh piece of evidence showing the

necessity for diversity of work. In the treatment

of persons with mental trouble or worry the

very worst method is to rely too much on what

is called rest, meaning thereby leaving the patient

without other employment than to brood over

his sorrows. True rest to the mind is only to be

obtained by the occupation of other faculties

roused into action by new surroundings.

There is no reason why old age should

not be as happy and as enjoyable as any other

period of life. If old persons be asked as to the

consciousness of age they will all with one consent

SONOMA, JANUARY 30, 1892.

THE FIGHT OFF.

"Grim visaged war has smoothed his wrinkled front." The prospective fight with Chile is now off. That country realizing that the United States meant business when she demanded an apology has complied with every demand exacted of her by Uncle Sam. The apology made by the offending Republic is as complete as it could possibly be. Reparation for the killing of the Baltimore sailors will be left to the United States Supreme Court.

The country can be congratulated on the peaceable adjustment of the differences between the two nations. Of course in a combat between the United States and Chile there could be only one outcome—the complete subjugation of the South American republic, but for all that it would have cost our country the loss of many valuable lives and brought woe to many a home where peace and happiness now reign.

It is reported that the cattle business is in a very bad way in Southern Arizona. Steers are selling as low as \$2 a head. Large numbers have been sent to California to be fattened. The cause of this state of affairs is lack of rain extending over two seasons, unusually cold weather this season and the overcrowding of the ranches. It is a pitiful thing to see herds of weak, half-starved animals being driven along the roads and dropping here and there by the wayside to die. There is a loud call in the Territory for legislation to restrict the overcrowding of ranches.

At Jeffersonville, Ind., Mrs. Frank Brown, while milking, Monday, was kicked to death by a stallion. Her husband, missing her, came to search for her and as he was picking up the body the stallion kicked him. He lived but a short time.

It is reported that every lawyer in Jackson, Miss., has been retained to defend the druggists of that city who have been indicted for the charge of unlawfully selling alcohol.

JOHN L. SULLIVAN took off his blue ribbon at Ogden and went on a spree. It is said he spent more money Monday night than the receipts of the house he played in.

Get a man's record while he's alive. His tombstone can't be relied upon.

There is no mansion in heaven for the man who is mean to his wife.

Don't talk much about yourself when you want to be interesting.

Frightful Shipwreck.

Staunch ships strike and founder, the fierce winds and mountainous waves sweep noble mariners "hearted of oak," to shipwreck and to death, yet that does not prevent the lubberliest landsman from risking his life on the stormy Atlantic in the role of tourist or commercial traveler. But if he shall reach his destination safely he will scarcely have escaped some of the qualms of sea sickness unless he takes with him Hostetter's Stomach Bitters, that infallible specific for nausea. Bad water on long trips is a threat to the voyager, but this may be deprived in a great measure of its disordering effects upon the stomach, bowels and liver, by the Bitters. Against the prejudicial effects of malaria, bad diet, fatigue and exposure it is efficacious. It averts, moreover, rheumatism and kidney complaints. Don't travel on sea or land without it.

Bucklen's Arnica Salve.
The best salve in the world for Cuts, Bruises, sores, Ulcers, all Rheum, Fever, Swellings, Chapped Hands, Chills, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by E. Wegner, Druggist.

The First Step.

Perhaps you are run down, can't get, can't sleep, can't think, can't do anything to your satisfaction, and you wonder what ails you. You should heed the warning, you are taking the first step into Nervous Prostration. You need a Nerve Tonic and Electric Bitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great Nerve Tonic and Alternative. Your appetite returns, good digestion is restored, and the Liver and Kidneys resume healthy action. Try a bottle. Price 25c at E. Wegner's Drug Store.

A Little Girl's Experience in a Light-house.

Mr. and Mrs. Loren Trecoff are keepers of the Gov. Light-house at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and running in a fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones." Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at E. Wegner's Druggist.

NEW TO-DAY.

Hood's Sarsaparilla—No other medicine ever placed before the public has won the confidence so thoroughly as Hood's Sarsaparilla. From a small beginning this peculiar medicine has steadily increased in popularity until now it has the largest sale of any preparation of its kind. Its success it has won simply because it is constantly proving that it possesses positive merit, and does accomplish what is claimed for it.

To Itself—This merit is given by the fact that it is prepared by a peculiar combination of Proprietary and Process known only to Hood's Sarsaparilla, and by which the full medicinal power of all the ingredients used is retained.

Power—Thousands of voluntary witnesses all over the country testify to its wonderful benefit derived from it. If you suffer from any disease, or the prejudicial effects of malaria, bad diet, fatigue and exposure it is efficacious. It averts, moreover, rheumatism and kidney complaints. Don't travel on sea or land without it.

PISO'S CURE

FOR CONSUMPTION.

It has permanently cured THOUSANDS of cases pronounced by doctors hopeless. If you have preliminary symptoms, such as Cough, Difficulty of Breathing, etc., don't delay, but use PISO'S CURE FOR CONSUMPTION immediately. By Druggists, 25 cents.

MISCELLANEOUS.

MRS. GRAHAM'S

CUCUMBER and ELDER FLOWER CREAM.

Is not a cosmetic in the sense in which that term is popularly used, but permanently beautiful. It creates a soft, smooth, clear, velvety skin, and by daily use gradually makes the complexion several shades whiter. It is a constant protection from the effects of sun and wind, and prevents any freckles, and blackheads and all not come while you use it. It cleanses the face far better than soap and water, nourishes and builds up the skin tissues and thus prevents the formation of wrinkles. It gives the freshness, clearness and smoothness of the skin that you had when a little girl. Every lady, young or old ought to use it, as it gives a more youthful appearance to any lady, and that permanently. It contains no acid, powder or alkali and is as harmless as dew and is nourishing to the skin as dew is to the flower. Price \$1.00 at all druggists and hair-dressers, or at Mrs. Gervaise Graham's establishment, 104 Post Street, San Francisco, where she treats ladies for all blemishes of the face and figure. Ladies at a distance treated by letter. Send stamp for her little book "How to be Beautiful."

SAMPLE BOTTLE mailed free to any lady on receipt of 10 cents in stamp to pay for postage and packing. Lady agents wanted.

SONOMA INDEX - TRIBUNE.

SONOMA, JANUARY 30, 1892.

CITY OFFICIAL PAPER.

LOCAL BREVITIES.

Star flour at Weyl's. The best and cheapest.

Go to S. Shockey's for fine fresh groceries.

For the best and cheapest groceries go to Weyl's.

Subscribe for your home paper if you want the local news.

Go to H. Weyl's for Star flour. The best in the market.

Shockey's always has on hand fresh groceries.

The celebrated Vacuum Lager on draught at the Union Hotel.

If you don't take the Index-Tribune you don't get the local news.

China New Years commenced last Thursday at midnight and is now in full blast.

The Agua Caliente public school reopens next Monday with Miss Gaudier as teacher.

For a quiet rural retreat the tourist will find the Union Hotel a first-class house.

Douglas Church, Wm. Watt and Beattie Spencer have been appointed appraisers of the estate of the late Wm. Alexander.

Mr. J. Chauvet of Glen Ellen has been appointed guardian over the person and estate of G. Barbarin of this place. Bond \$7,500.

The ladies of the M. E. Church will give a vocal and instrumental concert at Weyl's Hall on Wednesday evening, February 10th. Admission, 25cts.

Wanted—Three quarrymen, wages, \$2.25 per day. Two block makers to work on dump, price \$18 per 1000. Apply to W. E. Teague, Agua Caliente, Cal.

John Alexander of Tomales, Marin county, has been appointed administrator of the estate of the late Wm. Alexander. Bond, \$700. R. A. Pope is the attorney for the estate.

About the meanest thing a man can do is to subscribe for his local paper and after becoming delinquent a year or two thrust it back in the Postoffice marked refused. Such a person would send the coppers off a deadigger's eyes.

D. D. Davidson of this place, an insolvent debtor, has filed his petition for a final discharge in the Superior Court of this county. The petition will be considered by the Court in Department Two on the 26th of next month.

A portion of the real estate belonging to the late John Tivnen will be sold in front of the Sonoma Valley Bank at public auction next Monday at 12 o'clock M. The sale is being made to close up the affairs of the estate. Real estate investors in search of a bargain would do well to attend this sale.

Wm. and Sol. H. Carriger have been appointed administrators of the estate of the late Mrs. M. A. Carriger, valued at \$18,000. This does not include the Carriger farm of 1,000 acres in which deceased had a life interest only, and which was willed to the children by the late Nicholas Carriger.

The Union Hotel, under Mr. Zeller's management is one of the best country hotels in the State. The bar and tables are supplied with the best market affords Trout fishing near at hand. The climate is unsurpassed and all who make the Union Hotel their home will be well treated.

Cheap for cash—For sale at Badger's, Agua Caliente—A good express wagon, open buggy, new and second-hand harness, saddles, griddles, halters, etc., stoves. Also furniture, beds and bedding. Best curled hair mattresses made to order. A new bed and mattress for \$3.00. Staple groceries and general merchandise.

The examination of Stout, who made a brutal assault upon W. B. Pless with a hose coupling, one day last week, takes place before Judge Cheney to-day. Attorney Harrison of this place will assist District Attorney Burnett in the prosecution, while the defense will be represented by counsel from Oakland.

Charley Ohm, one of the most expert fishermen with hook and line in the State, on Friday and Saturday last killed 26 salmon at Emburyadero, varying in weight from 8 to 18 pounds. Mont Akers, was "in it" too, and succeeded in landing three of the big fish at the peril of his life, as he had a narrow escape from being dragged by the big fellows to the bottom of the sea to keep company with the gentleman who went down with his Sunday clothes on. No, Charley Ohm didn't give Mont those fish. "He caught them," he said.

The Sonoma Valley Band, which has been disbanded for several years, has recently reorganized with the following membership: Jesse Burris, F. L. Clark, Jas. Albertson, Geo. Tate, Robt. Wilson, Frank Carmer, Frank Riser, Claude Johnson, Hugh Maxwell, Wm. Wyatt, Robt. Maggetti, Harry Faithful, Henry Seipp, H. Prestwood and Ed. Dowdall. The drum major is Otto Rufus. The band as reorganized is as good if not better than the old band, which was one of the best in Northern California. The members meet once every week in Weyl's Hall for practice. It is their intention to give a grand concert in the near future.

Dyspepsia in all its forms is not only relieved but cured by Simmons' Liver Regulator.

CRUSHED BETWEEN THE CARS.

A Brakeman on the Donahue Railway Probably Fatally Injured.

Alexandro Canepa, a brakeman on the San Francisco and North Pacific Railway, while engaged in coupling cars on the afternoon freight train at this place, last Wednesday at 3 o'clock was jammed between the baggage and a freight car and crushed almost to death. He had his ribs stove in and an arm and a collar bone broken, and it is feared he is injured internally. The accident was caused by the injured man signaling the engineer to back up the length of two cars instead of one, with the result that the cars came together with a crash before he had the coupling pin in position. D. D. Davidson and L. Quartaroli witnessed the accident. The latter, being an old railroad employee, signaled the engineer to go ahead, which he did. The cars between which the brakeman was wedged then parted and he fell across the rails in an unconscious condition. Quartaroli then seized the prostrate man and dragged him from off the track just in time to prevent him from being run over by the hindmost cars of the train. The coolness of Quartaroli is all that saved the man from being instantly killed. He was taken to one of the hotels in town, and Dr. Davis sent for, who set the broken bones.

As we go to press the unfortunate man is resting easy and may yet pull through.

It is a singular coincidence that John Canepa, a brother of the victim of the above accident, a drawbridge tender at Novato Creek, in the employ of the same railway company, met with a similar accident on the Wednesday previous, which it is feared will cost him his life. While attempting to board a passing train at Novato he missed his footing and was hurled headlong to the ground. He struck on his head and was knocked senseless. When picked up his head was found to have been frightfully cut and bruised. He now lies in the County Hospital at San Rafael and little hopes are entertained for his recovery. That two brothers should be the victims of a railway accident on the same day of the week and only a week apart is very remarkable.

ME3. K. F. WARFIELD DEAD.

Expires at Her Home near Glen Ellen Last Saturday Afternoon.

Mrs. Kate F. Warfield, than whom no lady was better known in viticultural circles in this State, died at her home, Ten Oaks, near Glen Ellen, last Saturday afternoon of pneumonia after an illness of a few days. The deceased lady was one of the brightest business women on the Coast. Left a widow some 20 years ago, with a family and a mortgage on her hands, she engaged in the business of winemaking with great success until a few years ago, when wine went down to ten cents per gallon, and with others she became almost ruined financially. But this did not discourage her. With indomitable energy and pluck she started in to pull out of her financial troubles and was well on the way to success when death intervened.

Mrs. Warfield was highly educated and a brilliant conversationalist and in her beautiful Ten Oaks home she has entertained in her years past many notable and prominent people, who recognized in her a woman of extraordinary ability.

The deceased located in this valley, with her husband, the late Dr. J. B. Warfield, in 1867, who represented this county in the Lower House of the Legislature in 1868, and was one of Sonoma's most prominent citizens.

Her remains were taken to San Francisco for interment and will repose beside those of Dr. Warfield.

Mrs. Warfield was a member of the Chosen Friends and also had her life insured in other societies and companies to the amount of \$10,000. Before she died she transferred her life insurance to her son and daughter, Basil Warfield and Mrs. Geo. Middleton.

THE WEATHER.

Comparative Statement of the Season's Rainfall.

The rain which fell last Monday and Tuesday, amounting to 1.38 inches, was of great advantage to the growing grain and pasture lands. Since Wednesday last the days have been warm and pleasant.

Following is a statement of the rainfall this season as compared with that of last year, as reported by Robt Hall, local Signal Service Observer:

1891-2.	Inches.
August	.00
September	.00
October	.20
November	.30
December	8.01
January	2.38
Total for season	12.14

1890-91.	Inches.
August	.04
September	.25
October	.63
November	.40
December	3.73
January	1.40
Total	5.43

There are now confined in the Feeble Minded Home near this place 100 males and 98 females. The last admitted was a family of six children, four boys and two girls.

Horse for Sale—Sixteen and a half hands high. Eight years old. Will weigh over 1200 pounds. Buckskin in color. A fine draught animal or good in buggy or under saddle. Will be sold for \$145. Apply at this office.

We have received Vick's Floral Guide for 1892. It contains not only the good old varieties but some splendid novelties that have come to stay, as they have been tried and have stood the test. If you want any seeds send to Vick's Seed House Rochester, New York, and you will be pleased with the result.

NATURAL GAS.

A Fine Well Developed on the Senator Jones' Tract.

A fine flow of gas has been struck on the Senator Jones tract south of town. Last Monday a gasometer was attached to the well and the gas thoroughly tested by J. G. Marcy of this place. It was found to be all that could be desired for heating and illuminating purposes. The capacity of the well is between 8,000 and 10,000 cubic feet per 24 hours. Senator Jones will visit Sonoma some time next week to view the well and to provide some means for utilizing the gas.

Death of an Old Lady.

After a lingering illness of several months, Mrs. Mary Kenney died at her home on Napa street last Sunday morning of old age. Mrs. Kenney had resided in Sonoma for the past fifteen years. She was a kind-hearted, quiet and unassuming lady, and was always ready to help those in distress. Mrs. Kenney was a devout member of the Catholic Church. She was a native of Ireland and aged 72 years. Before she died she deeded her property in Sonoma and Napa to her three grown daughters and an only son. The funeral took place Wednesday from St. Francis' Church, where mass was celebrated. Rev. Father Brennan, in speaking of Mrs. Kenney, said among other things that in all his clerical days he never met any one so resigned to die and was so reconciled to the will of God. The remains were interred in the Catholic Cemetery.

To be Tried on February 17th.

Perry Sears was arraigned Monday before Judge Dougherty, on the charge of murder. Defendant entered a plea of not guilty and his trial was set for Wednesday, February 17th. The trial will be a mere farce, as no jury can convict on evidence which proves without a doubt that Mr. Sears who is a quiet and unassuming gentleman, shot John Kiehl in defense of his own life. At least a Coroner's Jury and a Grand Jury have so decided. The two composing these juries were among the leading citizens of Sonoma county of all shades of political opinion and religious views.

Lost the Sight of One Eye.

Mr. F. B. Brown, residing in the mountains near Agua Caliente, who was struck in the eye with a small silver while chopping wood several weeks ago, has lost the sight of the organ after suffering intense pain. He is rapidly recovering from his injury. Mr. Brown is an old veteran of the late Civil War, and is Post Commander of Antietam Post, No. 63, G. A. R. He went to Napa this week to be examined by a board of physicians, he having applied for a pension from the Government he fought to preserve.

The Result of China New Year.

A chicken thief entered the premises of Mr. and Mrs. Jack Watt, on Broadway, during their absence in the city, one night this week, and toted off eighteen hens and roosters. Too much China New Year. You sabbe?

Ran a Rusty Nail in His Foot.

Dr. Smith of Santa Rosa ran a rusty nail into his foot last Tuesday. The injury is painful if not dangerous, as blood poisoning may set in.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it becomes the more popular it becomes.

LOCAL ITEMS.

The Sonoma public school closed yesterday at noon for the purpose of whitening the walls and otherwise improving the interior. The school will reopen Monday.

There are now confined in the Feeble Minded Home near this place 100 males and 98 females. The last admitted was a family of six children, four boys and two girls.

BAKING POWDER FACTS.

Brought Out by Official Government Tests.

From Chicago Tribune.

The public is always responsive to suggestions about the food it eats. Great interest has been taken in the investigation made by the United States and Canadian governments and by the different boards of health to show the purity or impurity of milk, baking powders, spices, and other articles of daily use in the culinary department of our household.

Just now the subject of baking powder is claiming public attention. We all desire pure and wholesome bread and this cannot be had with the use of impure or poisonous baking powder. There can be no longer any question that all the cheaper lower grades of baking powders contain either alum, lime or phosphoric acid.

The official analysis of the United States and Canadian governments have therefore been studied with interest and have pretty clearly established the facts upon this subject. The United States government report gives the names of eighteen well-known powders, some of them advertised as pure cream of tartar baking powders, that contain alum.

The report shows that the Royal baking powder was found the highest in leavening strength, evolving 160.6 cubic inches of gas per single ounce of powder. There were eight other brands of cream of tartar powders tested and their average strength was 111.5 cubic inches of gas per ounce of powder.

The Canadian government investigations were of a still larger number of powders. The Royal baking powder was here also shown the purest and highest in strength, containing 129.32 cubic inches of leavening gas per ounce of powder. Nine other cream of tartar powders were tested, their average strength being reported to be eighty-nine cubic inches of gas per ounce.

These figures are very instructive to the practical housekeeper. They indicate that the Royal baking powder goes more than 33 per cent. further in use than the others, or is one-third more economical. Still more important than this, however, they prove this popular article has been brought to the highest degree of purity—for its superlative purity this superiority in strength is due—and consequently that by its use we may be insured the purest and most wholesome food.

The powders of lower strength are found to leave large amounts of inert matters in the food. This fact is emphasized by the report of the Ohio State Food Commissioner, who, while finding the Royal practically pure, found no other powder to contain less than 10 per cent. of inert or foreign matters.

The public interest in this question has likewise caused to be made investigations by our local authorities. Prof. W. S. Haines, of Rush Medical College, consulting chemist of the Chicago Board of Health, has found results similar to those reported by the national and Canadian authorities. Dr. Haines says: "I have recently obtained samples of the chief baking powders in the market, and have subjected them to careful chemical examination to determine their purity, wholesomeness and leavening power. As the result of my tests I find the Royal baking powder superior to all the others in every respect. It is entirely free from all adulterations and unwholesome impurity, and in baking it gives off a greater volume of leavening gas than any other powder. It is, therefore, not only the purest, but also the strongest powder with which I am acquainted."

WALTER S. HAINES, M.D., Consulting Chemist, Chicago Board of Health.

The statistics show that there is used in the manufacture of Royal baking powder more than half of all the cream of tartar consumed in the United States for all purposes. The wonderful sale thus indicated for the Royal baking powder—greater than that of all other baking powders combined—is, perhaps even a higher evidence than that already quoted of the superiority of this article, and of its indispensableness to modern cookery.

Life of David S. Terry.

Elsewhere will be found an advertisement of a new book which will create a sensation among the old residents and pioneers of this State, coming before the public at a time following closely upon the startling incidents in the close of the remarkable career of the subject, Ex Chief Justice DAVID S. TERRY. The biography of Judge Terry involves the most startling and exciting incidents in the history of California, and although a local character, there are men of national reputation who have become inseparably associated with him in his extraordinary career. The book has been compiled and written from an unprejudiced standpoint, and thousands who have been undecided as to the true character of this man of intellectual force, can have the opportunity, by buying and reading this book, to judge correctly.
